Agency Express
Quick Start Guide

Feeding America Southwest Virginia
About Agency Express

What is it?

Agency Express is an online shopping site that has been successfully used by food banks and their partner agencies all across the nation for over a decade. In a way, it is very similar to Kroger’s Clicklist—place an order online then pick it up at the store.

Feeding America Southwest Virginia has heard the demand for online ordering from our partner agencies for many years and we have worked very hard to bring them a platform that will help feed the hungry more efficiently.

With Agency Express, partner agencies can:

- See what is actually in stock at our warehouse - no more hoping and guessing then being disappointed!
- Shop and order any time from anywhere.
- Save valuable volunteer time and resources - pick up the order and go!
- Manage their product spend with more accuracy by seeing a running total and order history.
- Stay healthy and safe. No more heavy lifting or fear of injury in our busy warehouses.

Because of these benefits, Agency Express is now the preferred method of product selection and ordering at Feeding America Southwest Virginia. We respectfully ask that partner agencies use the online ordering system to choose product rather than in-person selection at the warehouse.

If you have questions or concerns about Agency Express and the future of product selection at Feeding America Southwest Virginia, please contact your Programs Services Representative.

Now that you know what Agency Express is and what it can do for you, let’s get started!

This Quick Start Guide will help you place your first order by covering the basics of Agency Express. Please read through it - it’s not very long - before actually placing your order. When you are ready, use the Guide as an assistant for each step.

Tips for using Agency Express

- Agency Express does not accept online payment. Pay your bill as you normally would.
- TEFAP (aka USDA) product is not shown in the Shopping List. You will get your TEFAP allocation just like you always do and it will be ready for pickup/delivery along with your Agency Express order during your chosen appointment date/time.
- Print a copy of your Shopping Cart or the order confirmation email and bring it with you to your appointment. That will help you verify the accuracy of your pickup or delivery.

If you need to make a change to a reserved appointment or submitted order, please contact Jon Smith, our Invoice Clerk & Administrative Associate.
